

Air defense activated in Kyiv

20.11.2024, 06:15

The air defense has been activated in Kyiv city against enemy targets.

That's [according](#) to the Kyiv City Military Administration, Ukrinform reports.

“Air defenses are operating in the capital. Stay in shelters until the air raid ends!” the report says.

As reported by Ukrinform, the Russian military launched attack drones at Ukraine. The air raid alert was declared in several regions.
