

## **Drone attack on Kyiv: Fire breaks out in Darnytskyi district**

03.01.2025, 06:50

Debris from a downed Russian Shahed strike drone caused a fire in a residential area of Kyiv's Darnytskyi district during an overnight attack.

Kyiv Mayor Vitali Klitschko announced this on [Telegram](#), Ukrinform reports.

"There are no casualties in the Darnytskyi and Holosiivskyi districts, where UAV debris fell," he wrote.

The Kyiv City Military Administration earlier [reported](#) that the fire broke out in a private house in the Darnytskyi district due to falling drone debris.

"Rescuers extinguished the fire, and investigations are ongoing to confirm whether there are any casualties," the post said.
